

The Weekly Amunategui.GitHub.io andViralML.com Newsletter

November 14th, 2018

Hello Friends!

Busy week as I posted a two new posts, one on GDELT, a fantastic live and free-to-use database of world events, and another on tips to increase your website's traffic.

As I mentioned in a past newsletter, anybody in the Barcelona area want to meet for coffee and talk data science and entrepreneurship, please email me.

Thanks,
Manuel Amunategui

[The Global Database of Events, Language and Tone \(GDELT\) Contains Some 40 Years of News Worldwide Sources Begging for Your Questions, Analysis, and Discoveries - Learn How to Maximize Your Querying Potential](#)

BTW - this is a free resource so go ahead and build something cool with this data!

[You Want to Go Viral? Then Say So - Here Are 3 Simple Tips to Increase Your Site's Traffic](#)

There Is Nothing Wrong About Asking Your Readers for Help in Getting Your Word out - Time to Reach out to Your Super Connectors

Free eBooks and Courses

[How to Create and Sell Your Machine Learning Product Online and For Free!](#)

In the eBook, I show how to extend machine learning ideas from a standalone python script, into a fully interactive web application. We'll even integrate simple monetization techniques to gauge if users are willing to covert into buyers using PayPal donations and Stripe purchases!!!
