

## The [ViralML.com](http://ViralML.com) Newsletter

April 21st, 2019

Hello Friends!

To those of you that are on break, I hope you are fully enjoying it. I wanted to share some popular videos that came out recently along with some unlisted work that will be drip-released through out April.

As always, thanks for your support and interest!

If any of you want a free copy of one of my self-published ebooks, please respond to this email with the title of interest.

### Pre-release YouTube Videos Exclusive for Newsletter Subscribers:

[This Is the One Habit That Will Take Any Tech Professional to the Next Level, Guaranteed!](#)

This habit that will take any tech professional not doing it now, to the next level, guaranteed! Don't delay, start today - you'll thank me later.

[Simple Candlestick Charting in Python: Hands-On Market Analysis](#)

Short video on charting the financial markets with candlesticks in python and Matplotlib. Candlesticks aggregate time series data into 4 essential point - the open, high, low, and close. Let's roll up our sleeves, download some S&P 500 data and get plotting!

[Are You Manly Enough and Young Enough for an Open-Plan Office?](#)

Open-plan Offices- are wall-less and boundary-less. Studies point to over 70% of current offices in the US have open designs, and it's similar in other countries. But is it discriminating against some?

### A Popular Video Since the Last Newsletter:

[Not Working the Jack Ma 996 Schedule? Then You're Passionless!](#)

Not Working the Jack Ma 996 Schedule? Then you are passionless! Oh, and you're probably fired... Its a brutal form of extreme-overtime culture that seems to surround the cult of billionaire leaders.

[The USB Killer Is Out There - Hide Your Computers! Disgruntled Student Puts it to Bad Use](#)

Watch Your Computer's Back! A disgruntled student just used it to attack his alma mater. This is an eye-opener to our blatant vulnerabilities. Let's fix this now.

[Downloadable eBook "Become a Data Scientist"](#)

Here is the link for those looking for my free eBook, Become a Data Scientist: Essential Tips to Compliment your Technical Studies. Let me know how you like it and best of luck with your exploration of data science. It's a fantastic field where we feel like students every day.

Thanks for your continued interest and support!
