

The ViralML.com Newsletter

August 15th, 2019

Hello Friends!
Here is a short newsletter as I am desperately traveling around before the summer's completely over. Watch the Yield Inversion video linked below as it seems short/long term rates are inverting all over the world and it is a tad worrisome...

Also, I am offering one of my Udemy classes for FREE:

Machine Learning Web Applications - Advanced

- **Learn the One Skill That Will Put You Ahead of Most - Real Applied Data Science!**

Machine Learning Web Applications - Advanced
30 lectures • 3.5 hours • Intermediate
Learn the One Skill That Will Put You Ahead of Most - Real Applied Data Science! | By Manuel Amunategui

If you are interested, send me an email and I'll send you a free coupon. All I ask is that you review the class - stellar reviews please :-)

Popular Videos Since the Last Newsletter:

[The Inverted Yield Curve - Market Analysis and Charting with Python](#)

What's going on with the current inverted yield curve seen in US treasuries? Let's find out ourselves and use Python, Matplotlib and two data sources that generously offer this data for free - Quandl and Yahoo finance. Let's get our own answers!!

[PMI Correlated to the 10-Year Yields? Yes, A PMI Proxy Any Time, Any Day!](#)

Finally, a PMI proxy accessible any time of the day! If this is true, this could come in handy when you need a quick estimate mid-month. Let's roll up our sleeves and find out.

[Downloadable eBook "Become a Data Scientist"](#)

Here is the link for those looking for my free eBook, Become a Data Scientist: Essential Tips to Complement your Technical Studies. Let me know how you like it and best of luck with your exploration of data science. It's a fantastic field where we feel like students every day.

Thanks for your continued interest and support!
