

The Weekly [Amunategui.GitHub.io](https://amunategui.github.io) and [ViralML.com](https://viralml.com) Newsletter

January 19th, 2019

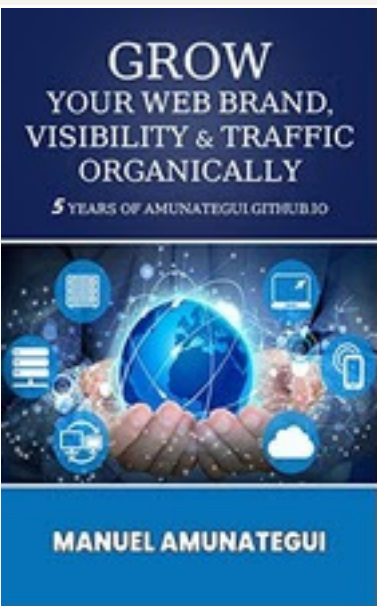

Hello Friends!

This is the first newsletter of 2019. I hope your year started out great and there's still a lot of time to make it stellar! Lot's has happened here at [ViralML.com](https://viralml.com).

I finally got around to release a new Web Application tool to measure a Title based on previous top rankers on Medium and Amazon!

I also have a favor to ask if you want a free copy of my new book - see below.

Thanks and connect on Twitter: [@amunategui](https://twitter.com/amunategui)

Big, Big Favor to Ask!!

I am looking for volunteers to leave a review of my book on Amazon: "Grow Your Web Brand, Visibility & Traffic Organically: 5 Years of amunategui.github.io"

If you're interested, i'll send you a **free** e-copy! Let me know at amunategui@gmail.com - Much appreciated.

Free Tool to Evaluate Your Titles!

[Analyze Your Next Title. Compare it Against the Best of the Best From Amazon and Medium - Help Your Next Post Go](#)

This tool takes into consideration word choices, title length, and opening words and word combination. It will return a score between 0 and 100 percent. Check it out.

[Anomaly Detection: Increasing Classification Accuracy with H2O's Autoencoder and R](#)

Let's apply H2O's anomaly detection to separate a data set into easy and hard to model subsets and attempt to gain predictive accuracy.

Free eBook

Here is the link for those looking for my free eBook, **[Become a Data Scientist: Essential Tips to Complement your Technical Studies](#)**. Let me know how you like it and best of luck with your exploration of data science. It's a fantastic field where we feel like students every day.
